## **TCS and Singapore Management University extend iCity Lab partnership**

Capital Market September 9, 2014 Last Updated at 11:47 IST

For another three years

Tata Consultancy Services announced that the Company will continue its joint venture, SMU-TCS iCity Lab, along with Singapore Management University for another three years to undertake a number of research initiatives and projects.

The iCity Lab was established in August 2011 within the SMU School of Information Systems as a three year research collaboration whereby SMU and TCS would work together on research related to intelligent cities.
