BANGALORE: Alliance University in city recently organised a panel discussion on creating values for corporate and academia in the digital age.

Among the participants were Madhukar Angur, chancellor of Alliance University, Pratik Kumar, CEO, Wipro Infrastructure Engineering, Wipro Ltd, Dr Tan Chin Tiong, president, Singapore Institute of Technology, Dr Robert A Easter, president of University of Illinois, Dr Howard Hunter, professor of law, Singapore Management University and Dean Emeritus.

The experts spoke on how real life examples are available on the internet rather than in textbooks.

They also spoke about how long-term contracts, significant financial investment and joint governance are the major challenges to university-industry relationship.
