GROWING WITH THE COMMNUNITY TOGETHER

Check out Singapore Management University(SMU)'s new community gardening initiative, SMU GROW, launched by SMU President Arnoud De Meyer and Mayor for Central Singapore District Denise Phua. Each harvest will eventually be shared with underprivileged residents. Interested residents are welcome to the garden to grow food for a good cause at SMU. For more information, visit www.facebook.com/smugrow or email grow@smu.edu.sg
