| BoundByWine               | BoundbyWine is a wine ecommerce with an interactive algorithm that helps wine lovers identify their perfect wine for every occasion, based on their past wine diary inputs.                                                                                                                                                                                                                                             | https://boundbywine.com       |
| Craft Tea Fox             | Craft Tea Fox is an Internet-based lifestyle brand focused on making enjoying Matcha convenient and easy.                                                                                                                                                                                                                                                                                                               | https://craftteafox.co        |
| Crunch Cutlery            | Crunch Cutlery is the first startup to address plastic waste and poor urban nutrition with a single product. Our solution is to supercharge a functional "biscuit" with superfoods such as flax, chia and whole wheat for a boost of Omega 3, Vitamin B3, Lignans and Fibre with every bite. We want to encourage people to use our product as functional cutleries and eat it after use so that nothing goes to waste! | https://www.crunchcutlery.com |
| dateideas                 | dateideas is a mobile app SaaS-enabled marketplace which allows couples to book a variety of curated couple packages from merchants, while integrating SaaS features which improve the quality of their dates and relationships in the long-run.                                                                                                                                                                        | https://www.dateideas.io/     |
| KASEE Batik<br>Activewear | KASEE produces activewear which is done in batik process. Our focus is to preserve Indonesian culture by redefining the tradition for the modern lifestyle. Through this, KASEE aims to provide visibility for batik artisans and bring the tradition closer to the heart of urban dwellers.                                                                                                                            | www.kasee.id                  |
| ORBIT                     | Pet dogs are the family we choose for ourselves. ØRBIT offers game-changing holistic, sleek, smart collars that automates monitoring health and location for early diagnosis and easy tracking. It is designed to empower pet owners to proactively care for their dogs and to enable them to give their dogs the best lives.                                                                                           | https://www.orbit.company     |
| Sekoni Original           | Sekoni Original is a watch company that provides an intriguing take on traditional watches. With an iconic moonphase timepiece and an upcoming athleisure-inspired series, Sekoni aspires to tell compelling stories for wearers through artful timepieces.                                                                                                                                                             | https://sekonioriginal.com    |
