HCMC - Vietnam's leading private healthcare provider Hoan My Medical Corporation has announced that Russell Low has been appointed chairman of the board.

Low is the vice chairman, president and chief operating officer of The Clermont Group, a Singapore-headquartered international business group that builds businesses in healthcare, financial services and electric aerospace.

Low succeeds Vu Thuy Anh who assumed an interim leadership position in April and has since overseen the successful transition of Hoan My to a new leadership team. This includes the appointment of Vu Kim as group chief executive officer.

Low's appointment follows the establishment in June 2019 of a new board of directors which includes senior representatives from The Clermont Group and Hoan My.

"It is an honor to be able to strategically assist Hoan My at this exciting time in the company's history by joining the board of directors," Russell Low said.

"Hoan My plays a vital role in shaping the culture of healthcare in Vietnam, and The Clermont Group is committed to Hoan My's long term success. We will continue ensuring that Hoan My delivers a world-class standard of care, brings new treatments and technologies into the Vietnamese market, and treats our patients with the dedicated, personalized service they deserve."
